### DUKES AS COSTLY AS DREADNOUGHTS

(Continued from Page One—Column 2.)

open the voice of lamentation was heard in this land, Britannia weeping for her pictures and refusing to be comforted, because they are sure to be sold to American millionaires. The newspapers and reviews, daily and weekly, unanimously declare that the exhibition, instead of helping to keep the troops at home, has simply collected them in convenient fashion for certain emigration to the United States. "The national exhibition," weeps the Saturday Review, "is a city of distress. The trustees of the National Gallery invite the public to inspect the collected treasures as though they said 'come and look your last. Before long these precious possessions will in the inevitable course of things have vanished from your shores. We are helpless and cannot do anything to save them.'"

The Review rejoices that Mr. Harcourt, first commissioner of works, has promised on behalf of the government that works of art in the future shall be exempt from death duties, but it rejoices sadly, for it knows that this is insufficient, when comes mention of the "American millionaires" with such wealth as an Englishman can never hope to possess, and the statement that "unless the state funds are made adequate the destiny of our pictures is America."

### SOCIETY IN LONDON

Little Doing Through Week, but Musical-Matinee.  
[Special Cable to The Times-Dispatch.] LONDON, October 9.—The only important social event of the week was a musical-dramatic matinee for the benefit of the epileptic hospital, given in the Persian court, which Bland Sutton, the famous physician, has built back of his London house. It is an exact reproduction of the ruined court of Artaxerxes at Shushan, with marble floors and lotus-bearing pillars. The entertainment, which included songs and recitations by Mesdames Kendal and Albanesi, and H. B. Irving, was excellent. Many Americans, who are temporarily in town, were present, among them Lady Granard and Mesdames Godey de Dominguez, L. Harcourt, Drexel and the Misses Drexel and Post.

Lewis Harcourt, the first Commissioner of Works, opened the exhibition of the National Loan Collection at the National Gallery. He made an interesting speech, despite suffragette interruptions. Among the Americans who were noticed admiring the priceless masterpieces in the collection were Mesdames Burne and Harcourt,

Countess of Stratford, the Duchess of Marlborough and Countess Pappeheim.  
Lady Dillingham DeBree has gone to Wynward Park as the guest of Lady Granard.  
Mrs. John Ward, daughter of Ambassador Reid, has gone into her new house at Chilton Lodge, Hammersmith, which has been thoroughly renovated.  
Mr. Van Allen will have his first shooting party at the end of next week. It will be an English gathering. Great sport is anticipated, as there are plenty of birds on the estate.  
Mr. and Mrs. Bradley Martin are entertaining the Marquis of Dufferin at Balmacan this week-end.  
Mrs. John Jacob Astor gave a luncheon in Paris to a party of Americans, which included Mrs. Charles Carroll and Miss Gwendolen Burdon.  
Secretary Tildley, Carter, of the American embassy, has had his father as a guest during the week.  
Mrs. Cloman, wife of the military attaché of the American embassy, is back again in her London residence.

### FRIEDLANDER COMING

He Will Deliver Lectures in Large Towns of United States.  
[Special Cable to The Times-Dispatch.] BERLIN, October 9.—Professor Friedlander, at the invitation of the German Society of New York, sailed for New York on Thursday to deliver a series of lectures in the large towns of the United States. The lectures will deal with the great composers, particularly Beethoven.  
The American Women's Club is about to start a winter season of a series of lectures and a lace sale. The first lecturer will be Mrs. Kitchin, the well-known traveler. The membership of the club is increasing.  
Leslie Ogden, of Chicago, is about to start a wintering trip in British East Africa. He intends to follow President Roosevelt's tracks and shoot any lions which may be left.

### WARM WELCOME FOR MIX

American Winner of Balloon Race Cannot Understand Protest.  
[Special Cable to The Times-Dispatch.] PARIS, October 9.—Edward W. Mix, the pilot of the American balloon America I, in the international cup race from Zurich, arrived in Paris this afternoon. He was warmly welcomed by the Americans as the winner of the race, although it is reported from Zurich that he has been disqualified by the Swiss Aero Club.  
Major Jett, military attaché of the American embassy, representing Ambassador White, congratulated Mix in the name of the American people. Little Miss Bishop, daughter of Cortland Field Bishop, president of the Aero Club of America, presented Mix with a bouquet of flowers in a few bright words of welcome.  
Mix, who looks somewhat worn after his voyage, says he fails to understand how any protest can be raised against him. He says he was delayed seven minutes by youngsters hanging on to his guide rope at one point, and he was compelled to use his gun, killing one of the boys and another town, but he never touched the ground.  
Mix was driven to the Aero Club, where the members were especially enthusiastic over his feat. Some of his competitors in the race were present, and all united in praising his feat, which enabled him to win under terrible adverse weather conditions.  
President Clément of the Aero Club made the speech of welcome.

### ENDS IN RIOT

Attempt to Elect Sword-Bearer for Dublin Causes Trouble.  
[Special Cable to The Times-Dispatch.] DUBLIN, October 9.—The attempt to elect a sword-bearer of the city of Dublin resulted in riotous scenes, and the meeting had to be adjourned. Captain Edward O'Meara, who was proposed for the office at the next meeting, and it is believed that he will be elected almost unanimously if he consents to stand.  
The action of the police in hauling down the American flag during visits of Captain Condon has caused indignation in nationalist circles. Strictly speaking, it is against the law to display party flags over a licensed house, but on certain occasions, particularly in the north, party flags and emblems have been allowed to fly freely from private places without any attention from the police. Dublin Castle, however, has decided that the American flag is a party color, and hence the action of the police, who proceeded to haul it down whenever it is displayed.

### DWELLING LAID BARE

Date of Its Erection Hundreds of Years Before Christ.  
[Special Cable to The Times-Dispatch.] BERLIN, October 9.—The close kinship existing between the ancient Teutonic architecture and the Greek remains of Troy and Mycenae has been disclosed through the excavations carried out by Professor Schuchardt, of the Royal Ethnological Museum at Neulitz, near Potsdam. The careful work of the professor during two years has laid bare a fortified dwelling dating from 300 to 200 B. C. The principal structure measures 23 by 13 feet. It brings to light the first modern knowledge as to how the ancient Teutonic house was constructed. Among the fragments of furniture found during the excavations are a stone mill and a stone-beater for pulverizing grain. There are also several iron knives and the bones of cattle, sheep and wild boar, while the jaws of a catfish, in which an iron fish hook is sticking, have been discovered.

### INTERNATIONAL FUND

One May Be Created to Relieve Victims of Great Disasters.  
[Special Cable to The Times-Dispatch.] BRUSSELS, October 9.—The Permanent International Peace Bureau at its session to-day adopted a resolution suggesting that the various governments of the world join in the creation of an international fund for the relief of sufferers in the event of the occurrence of great disasters in any part of the world. The bad management of the funds subscribed for the relief of victims of the recent Italian earthquakes prompted the suggestion.

A motion was also adopted favoring the interdiction of throwing of explosives from airships in time of war.

## Backache--Sick Headache

If any of your family in this or past generations has had kidney disease, lose no time in finding out if you have any trace of it. Warner's Safe Cure Cures Kidney Trouble of any kind as well as Rheumatism.

Mrs. L. B. Arnold, of Denver, Colorado, writes words of praise for the relief from backache, dizziness and sick headache Warner's Safe Cure gave her after many other remedies had failed to help her.  
"I have found Warner's Safe Cure a sure cure for kidney trouble, from which I have suffered for years. My back ached so much I was dizzy and had sick headache, and although I tried many remedies, I did not find relief until I tried Warner's Safe Cure. I have been feeling so well for months that I feel the cure is permanent."—Mrs. L. B. Arnold, 2427 W. 43rd Avenue, Denver, Col.  
IF IN DOUBT, MAKE THIS TEST.  
Put some morning urine in a glass or bottle; let it stand 24 hours. If there is a reddish sediment in the bottom of the glass, or if the urine is cloudy or milky, or if you see particles or germs floating about in it, your kidneys are diseased and you should get a bottle of Warner's Safe Cure at once.

ANALYSIS FREE.  
Then if you have any doubt as to the development of the disease in your system, send a sample of your urine, putting your name and address on package, to Our Medical Department and we will analyze it and send you a report, with advice and medical booklet free.

When the kidneys are diseased the uric acid is not carried off, and this causes Rheumatism, Backache, Gout, Diabetes and Bright's Disease. Warner's Safe Cure drives out the uric acid and prevents and cures all forms of kidney disease.

Warner's Safe Cure is made from the fresh juice of plants and medicinal roots, gathered at the proper season in the various quarters of the globe. Men skilled in botany and chemistry compound it. It is pleasant to the taste and agreeable to the most sensitive stomach.

Constipation, Biliousness and Indigestion.  
When the bowels do not move freely it shows that the liver is inactive, and the bile, instead of being eliminated by the intestines, is taken up by the blood. In consequence the internal organs are deranged and you have a bilious attack. After frequent attacks the skin becomes sallow and rough. You are troubled with headache, constipation, coated tongue, bad breath, sour stomach, loss of appetite, pains in the side, and you feel out of sorts, and should take Warner's Safe Pills, purely vegetable, sugar-coated, absolutely free from injurious substances, a perfect laxative. They cure Indigestion, Biliousness, Torpid Liver and Constipation. They do not gripe or leave any bad after effects.

WARNER'S SAFE CURE is put up in two sizes and sold by all druggists at 50c and \$1.00 A BOTTLE. Warner's Safe Pills, 25c a box.

TRIAL BOTTLE FREE.—To convince every sufferer from diseases of the kidneys, liver, bladder and blood that WARNER'S SAFE CURE will cure them, a trial bottle and a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, postpaid, to any one who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this liberal offer in the Richmond Times-Dispatch. The genuineness of this offer is fully guaranteed by the publisher.

## THIS RICHMOND WOMAN REJECTS PRINCE AND EARL

MRS. WM. B. LEEDS

Mr. Seve, of Brooklyn, won the prize in the competition for the best manual for general circulation in favor of disarmament and peace.

## MRS. LEEDS SCORNS TITLE OF PRINCESS

Prince Murat Offers Heart, Hand and Rank to Charming Widow.

LONDON, October 9.—Yet another European of royal, even of imperial, blood has been "given the mitten" by an American woman.  
Mrs. William B. Leeds, a charming widow, who inherited millions from her husband, recently rejected Prince Joachim Murat's offer of marriage.  
So say Americans who best know Mrs. Leeds. She is at the Ritz Hotel, having come here from Paris after being at Biarritz. She has the most elaborate suite at the Ritz, and in it is a safe where repose such of Mrs. Leeds's jewels as she does not please to wear, including the now famous pearl necklace bought in Paris, which so greatly interested the American Treasury Department, and on which it finally collected the customs duty on "pearls of great price."

Prince Murat, twenty-four years old, a dashing cavalry officer, captain in reserve of the fourteenth Regiment of Hussars of the French army, was one of Mrs. Leeds's guests on the Marguerite, Anthony J. Drexel's palatial yacht, which she chartered for the Cowes regatta. It may have been on the yacht that Murat offered his hand, his heart, his rank to the lovely widow, whose husband was president of the Rock Island Railway and head of the Tin Plate Trust.

The gift of a slightly worn aristocratic crown can be repaid with tin. But Mrs. Leeds rejected Murat, her friends say, telling them:

"I shall not marry again. Certainly I shall not marry a foreign nobleman."

Mrs. Leeds was Mrs. Nanie May Stewart Worthington, of Richmond, Va., and had divorced her first husband when Mr. Leeds married her.

Prince Murat, who can also call himself, if he pleases, Prince de Porto Cervo, is a figure in society wherever he goes. Naturally he shines most in Paris, where he has been attentive to the great American women.

He lives with his father, Prince Joachim Napoleon Murat, at 28 Rue de Monceau, Paris, being the eldest of seven children, six princes and one princess (Marguerite).

He is descended from the famous Marshal of the first French empire, who was made King of Naples in 1808 and who married the great Napoleon's sister, Caroline. He was celebrated for his courage, his handsome figure, gorgeous uniforms and chivalrous demeanor. Bonaparte pronounced him the best cavalry officer in Europe.

The French prince is not the only aristocrat who has offered himself as a husband to Mrs. Leeds recently.

Her intimates declare a young Scottish earl begged her to become his countess. He is a model earl, with a very good income, but Mrs. Leeds refused him.

Czar and Plots Clash.

[Special Cable to The Times-Dispatch.] ST. PETERSBURG, October 9.—The czar has challenged the Finnish Legislature on important financial independence. The Finns were recently induced to pay 15,000,000 rubles annually instead of \$5,000,000 towards the maintenance of the Russian imperial defenses. The increase was explained as being on account of new fortifications erected in Finnish territory in the Viborg region. The Diet of Finland, added to the revolution, declared that Finland was unable to afford the extra assessment, which, if levied, will be an impediment without the Diet's consent, as required under the Constitution. The Diet has now passed a bill appropriating 30,000,000 rubles annually for free education, the construction of schools for poor people and for village schools. The bill needs ratification by the czar as Grand Duke of Finland, and he has refused it on the ground that Finland cannot afford the extra appropriation if she cannot afford her share of the imperial defense.

Visit Abandoned.

[Special Cable to The Times-Dispatch.] ROME, October 9.—The czar's visit to Italy has been abandoned, at least for the present, owing to the illness of the czar, which is due to nervous excitement and worry. Apart from every other consideration the czar cannot risk a hostile reception, which would affect the czar's health. The above is the official objection, but it is well known that the visit would have been abandoned whether the czar was ill or well, because the government, though willing to guarantee the czar's life, knew that it would be impossible to exclude hostile demonstrations.

Heavy Damage to Crops.

[Special Cable to The Times-Dispatch.] MEXICO CITY, MEX., October 9.—The Department of Interior of the Federal government to-day issued a statement that the damage to growing crops by the recent frosts amounts to about \$15,000,000.  
The state of Guanajuato suffered a loss of more than \$1,000,000. The states of Puebla, Hidalgo, San Luis Potosi, Queretaro and Durango were all heavily sufferers from the unprecedented cold spell.

Important Discovery.

[Special Cable to The Times-Dispatch.] ROME, October 9.—Professor Matteucci has discovered a portion of mosaic pavement, consisting of red and green slabs, under the Temple of Fortuna at Praeneste. The discovery is regarded as important, since it is a continuation of that mentioned by Pliny, as built under Sulla, which was confused with the other, dating from the time of Hadrian. The discovery settles the topographical question as to the Temple of Fortuna and establishes the date of the celebrated mosaic.

Taken Oath of Office.

SAN JUAN, PORTO RICO, October 9.—A. P. Sawyer, of Seattle, who was recently appointed auditor of Porto Rico to succeed C. C. Ward, to-day took the oath of office before the Supreme Court.

Sounds German Bankers.

[Special Cable to The Times-Dispatch.] BERLIN, October 9.—It is understood that Judge W. I. Buchanan, special United States attorney to Venezuela, while in Berlin sounded the principal German bankers in regard to the prospects of an loan to enable Venezuela to make a good financial start.

Clearing House Statement.

NEW YORK, October 9.—The statement of clearing houses for the week shows that the banks hold \$4,437,750 more than the requirements of the 25 per cent. reserve rule. This is a decrease of \$1,435,250 from the reserve as compared with last week. The statement follows:  
Loans, \$1,273,033,200; decrease, \$36,078,000.  
Deposits, \$1,278,403,300; decrease, \$46,004,300.  
Circulation, \$51,599,200; increase, \$44,000.  
Legal tenders, \$68,413,000; decrease, \$7,000.  
Specie, \$255,734,700; decrease, \$11,686,000.  
Reserve, \$324,148,300; decrease, \$2,895,000.  
Reserve required, \$219,000,650; decrease, \$12,261,075.  
Surplus, \$4,547,750; decrease, \$143,025.

the clearing house banks was 25.59. The statement of banks and trust companies of Greater New York not reporting to the clearing house shows that those institutions have aggregate deposits of \$1,347,426,000; total cash on hand, \$154,247,000; and loans amounting to \$1,243,342,700.

NEW YORK, October 9.—The Financial Review says: As was expected would be the case, last week's bank statement was favorable. This condition resulted from extensive liquidation of loans. The contraction therein, according to the statement of average conditions was nearly \$36,750,000. The statement of actual conditions on Saturday, however, showed a reduction of \$19,414,100.

The actual cash decrease was \$7,500,000, and this sum very nearly covered the amount of reserve required, so that the surplus was increased \$5,513,276 to \$7,246,800. The contraction in loans seems to have been effected in part, at least, by transfers to the trust companies, which course has been almost continuous in recent weeks.
